COMPANY PROFILE

Premium ground transportation *in Israel.*

Executive minibuses, vans and coaches, professional drivers who speak English and Russian, and one operations desk for every arrival, delegation and event. Nationwide, around the clock.

WHO WE ARE

A professional ground partner, *on the road since 2012.*

Yaron VIP Ltd provides VIP passenger transportation across Israel for DMCs, event producers and the travel and event teams of international companies.

We run our own fleet. When a programme calls for more, we can put a very large number of vehicles on the road on any given day, including minivans and full-size coaches, through a network of operators who work to our standards.

Whatever the size of the job, you deal only with us. Every vehicle, every driver and every change is handled by our desk, under the full responsibility of Yaron VIP.

Everything that moves your guests, *from landing to departure.*

Airport transfers
To and from Ben Gurion Airport, at any hour. We follow the flight, so a delay is already planned for.

VIP meet and greet
Your guests are met in the arrivals hall with a name sign and walked to a vehicle that is already waiting.

Full-day chauffeur service
A vehicle and driver at your guests' disposal for the whole day, following their schedule as it changes.

Business delegations
Several vehicles moving as one programme, to one timetable, coordinated by a single desk.

Events and conferences
Shuttles between hotels and venues, speaker and executive cars, arrival and departure days.

Tours
One driver and one vehicle for the full route, anywhere in the country, patient at every stop.
